

~~SECRET~~*Office Memorandum* • UNITED STATES GOVERNMENT

TO : Assistant Director, Scientific Intelligence **DATE:** 26 January 1953
FROM : Chairman, Ad Hoc Medical Intelligence Working Conference
SUBJECT: Representation at Meetings of the Committee on Biological Warfare, RDB

(b) (1)
(b) (3)

1. For better coordination of biological warfare and medical intelligence, the Medical Intelligence Working Conference unanimously believes that representation at semi-annual meetings of the subject Committee would be helpful. Members of the Conference would then know better how to direct their efforts in support from the standpoint of supplying intelligence.

2. This would entail permission for one representative from each of the eight organizations represented in the MIWC to attend these meetings as an observer. These organizations are the Office of the Secretary of Defense, the Departments of the Army, Navy, and Air Force, the Atomic Energy Commission, the Public Health Service, the Federal Civil Defense Administration, and the Central Intelligence Agency. If this number of observers is excessive, the Conference can select several members to attend the sessions on a rotating basis.

3. It is therefore requested that approval in principle be obtained from RDB for this attendance. Each organization can then arrange the necessary security clearance with RDB for their appropriate representation.
